

Exclusive Meetings and Corporate Retreats

THE BREW CREEK CENTRE

If you're considering hosting your meeting, executive strategy session or corporate retreat with us, then you understand that the setting matters – and is crucial to successful collaborations of any kind. The Brew Creek Centre, just 15 minutes south of Whistler, British Columbia, and 1.5-hour drive from downtown Vancouver, has all the elements you need to find inspiration, create harmony, learn and think beyond the boardroom.

Our 20-acre pristine natural setting offers complete privacy. That means you can focus, hatch new strategies and plant change with discretion and without distraction. You can also customize everything, whether that's a teambuilding hike on a quiet rainforest trail or breakthrough moment on a swing under a cedar tree. The food is just as mindful. We build healthy, sophisticated meals with the freshest local vegetables, fruit and herbs – much harvested right here in our geodesic growing dome and farm garden. The entire experience from arrival to the final session is designed to foster connection and creative thinking.
